*Every aspect of this trip had a great impact on me—the  
cruise on the Nile, the pyramids and the sights, smells, and  
bargains of the markets. (I still think about the bargains I  
didn't buy.) I feel I experienced the real Egypt—not just  
the generic tourist attractions but the heart and soul of the  
country. This was also a very powerful personal journey.  
The daily spiritual guidance and coaching really made this  
trip special, much more than a typical tour.”
